Hier vind je de [menukaart](#) van Ctaste in Amsterdam. Op dit moment staan er **46** maaltijden en drankjes op het menu. Een restaurant waar je dineert in complete duisternis, maar niet zelf je maaltijd mag kiezen, wat voor sommigen een afknapper was. Gemengde gevoelens over het eten en service, zoals verwacht op basis van eerdere beoordelingen. Sommige vonden de ervaring verpest door licht dat door de voordeur scheen, terwijl anderen het een unieke en onvergetelijke ervaring vonden die hun smaakpapillen naar een ander niveau tilde.

Een vriendelijke en professionele bediening werd door velen geroemd. De ervaring van eten in het donker veranderde de manier waarop ze eten en hun zintuigen gebruiken. Over het algemeen, een plek die een bezoek waard is in Amsterdam.
