Op deze Homepage vind je de **volledige menukaart** van Dolce Grill uit [Frameries](#). Momenteel zijn er **16** maaltijden en drankjes beschikbaar. Grilled Dolce has seen significant improvements recently, drawing in more customers both for lunch and dinner. However, some patrons have raised concerns about the double seating practice causing stress for both the staff and customers. Despite this, many guests enjoyed their meals and found the service to be attentive. While there were minor issues such as missing fries and inconsistent Caesar salad dressing, the overall dining experience was pleasant. Just be prepared for a noisy atmosphere on a Saturday night. Overall, it seems that Grilled Dolce is on the right track, with room for further growth and refinement.
